OR

Call Congress at:  
**202-224-3121**

Tell Congress:

**“DON’T KILL  
OUR TRAINS!”**

# IS YOUR STATION ON THE HIT LIST?

The White House budget would cut passenger train service to more than 220 towns across the U.S. Passengers across the country are rallying to save their trains. **Your voice could make the difference in Congress!**

## **Towns without trains and transit have:**

- Fewer Jobs
- Less tourism
- Lower economic activity
- Lower real estate values
- Less healthy people
- More traffic congestion
- Less mobility
- Fewer travel options

## **Don't let Congress eliminate trains in America. The White House Proposal cuts:**

- Amtrak service in 23 states.
- The only nearby Amtrak service for 144.6 million Americans.
- Highly successful programs that invest in new rail projects.

Congress has the power of the purse, and the Senate and House can defeat this proposal. Riders across the country are calling and emailing their Senators and Representatives in Congress. This is NOT a partisan issue. If we stay silent, these cuts will be enacted into law!

**#RALLY4TRAINS**
